\*Upgrade an existing non-filtered Elkay bottle filling station, cooler or fountain to a filtered unit.

### Cleaner Water Within Reach

Replacing drinking water filters as recommended provides added assurance of serving cleaner, healthier water.

### Engineered for Performance

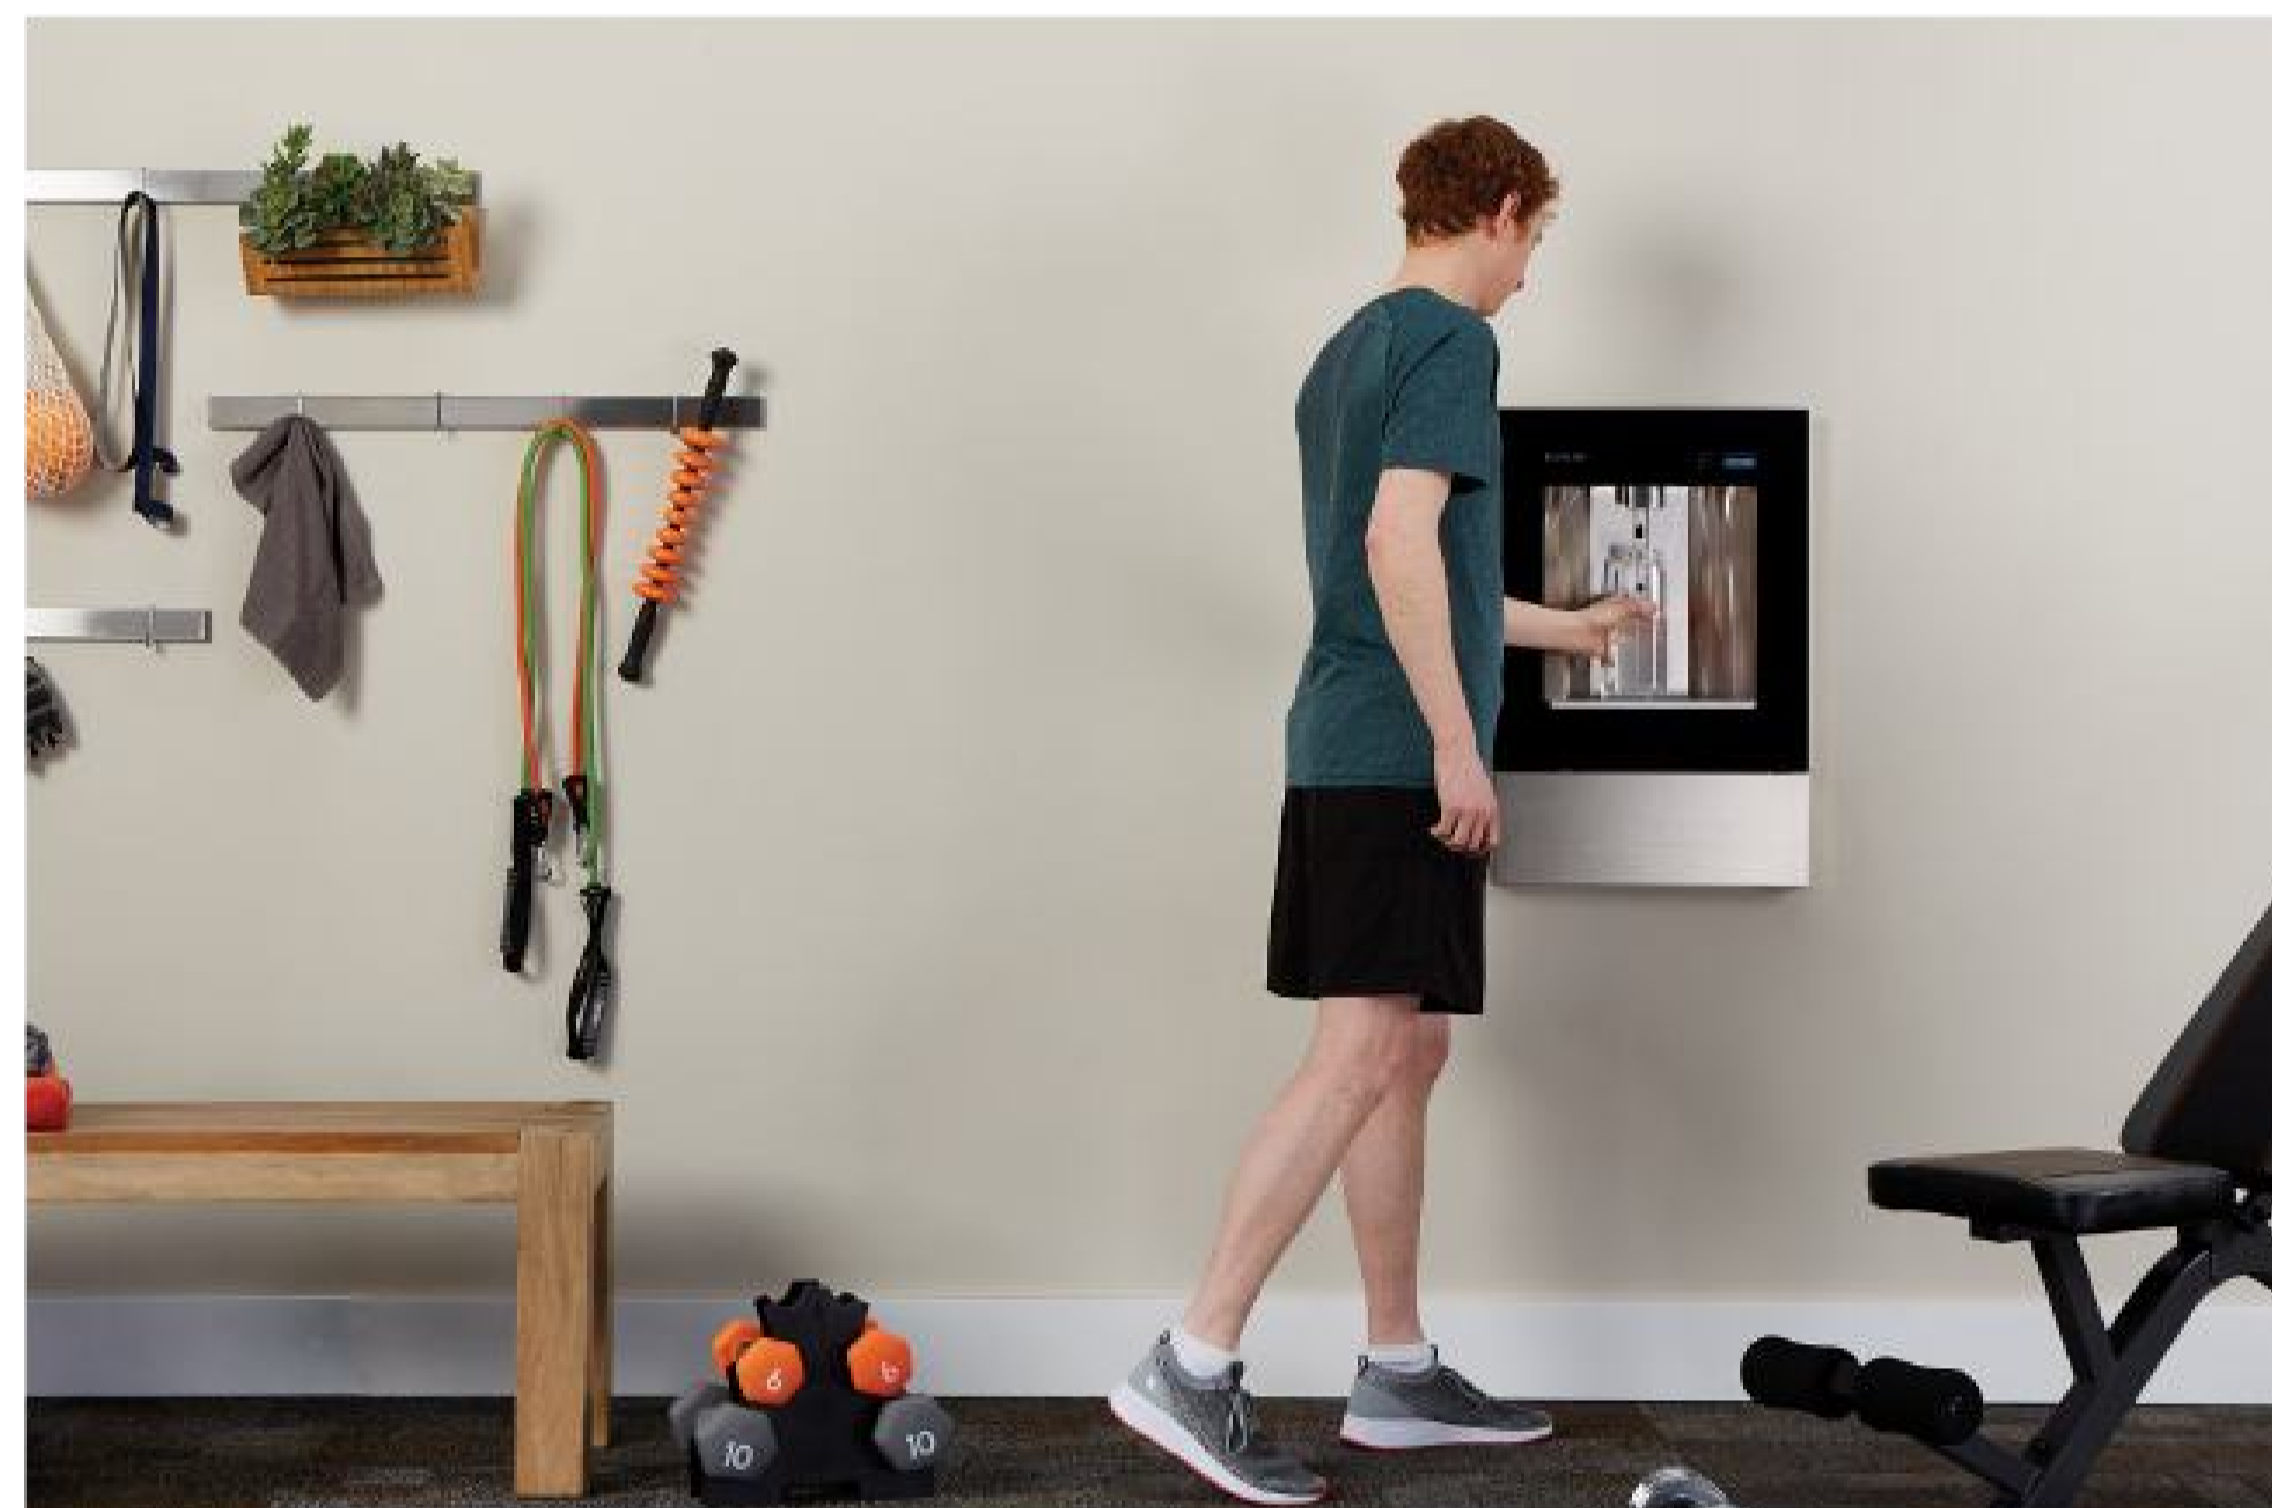

We recommend using genuine Elkay filters in our products as they are designed and manufactured to work within our products and provide optimum performance.

### What is NSF/ANSI Certification?

Nationally recognized as the gold standard for evaluating and certifying drinking water treatment systems, products with these designations have been certified to reduce certain contaminants from drinking water.

\*\*Filter products are tested and certified to above stated standards. See individual product listings for specific standards and certifier.

Learn more and try our filter selection tool at [elkay.com/filtration](http://elkay.com/filtration).
